

BRENAU UNIVERSITY GALLERIES PRESENTS

Shared Perspectives

What happens when an artist discovers a 50-year-old letter in the Roger Tory Peterson archives? For the artist, such a discovery was a profound shift in perspective. For the scientist who authored the letter, it offered a rare opportunity to reconnect with the curiosity, optimism, and convictions of his younger self.

TINA MULLEN, MFA

Artist, educator, arts in health professional
and bird enthusiast living in Atlanta, GA

GEORGE DIVOKY, PH.D.

Pioneering ornithologist and climate change
researcher featured in the New York Times
Magazine and the Documentary Birdman of
Cooper Island on Apple TV.

JOIN US OCTOBER 1, FROM 5-7 P.M.
